OFFICE OF THE DEPUTY COMMISSIONER
CHITALDRUG DISTRICT

Dated Chitaldrug 17th July 1928 192

FROM

The *Deputy Commissioner*
Chitaldrug District

To

The General Secretary to Government,
B a n g a l o r e

Sir,

In forwarding herewith the Vernacular records ending with the Chitaldrug Sub Division Officer's memo No Ml 64/27-28 dated 2nd July 1928 re the construction of another reservoir for storing water in the Hiriyur town, I have the honor to state that the estimate for Rs 11,420 has been prepared by the Executive Engineer, Sanitary and Town Planning Division, for improving the present water supply to the town The necessity for constructing an additional reservoir is explained in the report accompanying the estimate

The question of financing the work was placed before the Municipal council at its meeting held on 16th June 1928 From a copy of the resolution of the council enclosed in the records it is seen that the municipality, owing to low finances, has agreed to bear only one-third of the estimated cost from municipal funds and requested that the balance may be met from Government

The President of the Municipal council reports that the income of the municipality (about Rs 5000) is hardly sufficient to meet even the obligatory charges and that the investment of Rs 10,000/- in State Loan Bonds has been reserved for being utilised for the Drainage Scheme for which necessary project is under preparation by the Executive Engineer, Sanitary and Town Planning Division

The question of constructing an additional reservoir in the town was also one of the representations made by the townspeople during the visit of the Dewan in December last and it was ordered to be investigated (vide para 26 on page 42 of Tour Notes)

As much difficulty is being felt for want of sufficient supply

of water to the town and as the work is reported to be of a very urgent nature, I request that the enclosed estimate may be sanctioned by Government, the Tools and Plant charges amounting to Rs 2134/- being waived as a special case and two-thirds of the balance met by Government out of the grant for "IMPROVEMENT OF WATER SUPPLY TO TOWNS" for the year 1928-1929

I have the honor to be,

S I R,

Your most obedient servant,

Deputy Commissioner,
